

ASIAN-OWNED BUSINESSES

418,154 Asian-Owned Businesses \$75.00/M

List Description

Currently there are approximately 1 million Asian owned businesses in the U.S. with more than 60% being small businesses. This file from Focus USA's Small Business database, which is multi-sourced through public, government and private-agency alliances, represents the powerful Asian-owned business market in the U.S.

Asian owned companies are the second largest segment of minority owned businesses in the U.S. and they generate over \$270 billion in annual sales. Asian Americans have the highest rate among minorities for obtaining SBA loans. Over 60% of small businesses have Internet access and Asian Americans appear to be taking business online at a faster rate than any other Ethnic group. This is a market that should not to be overlooked! Using this file, with the multitude of business demographic selects available, you can reach these responsive Asian business owners with a wide range of offers for products and services including catalogs, credit, insurance, telecommunications, technology, office supplies and equipment and much more.
